- study in Manhattan

Position a block element
(`` in this case, but works
for `DIV`, `P`, `TABLE`, `SECTION`, etc.)

ed Masters in Educational Technology

```
76 #welcome ul
77 {
78   float: right;
79   width: 30%;
80   background: white;
81   padding: 1.5em;
82   margin-right: 2em;
83   margin-top: 400px;
84   border-radius: 8px;
85 }
```

“float” right (or left) aligns an element to the side o the screen and allows other elements to it's left

rounded-corner

this is a
 element
